

Our Mission:

The mission of Community Connection (Grant County System of Care) is to increase capacity to deliver effective, coordinated services and supports for youth and families.

Our Vision:

All young people, surrounded by supportive adults achieve wellness, engage in their community, and together, promote wellness for generations to come.

Goals:

The emphasis of the coalition to increase Grant County's capacity to deliver effective, coordinated services and supports should result in the following positive outcomes for the youth and families serviced:

- Increased access to services and supports for youth coordinated across providers and agencies.
- Increase cultural and linguistic competency in service delivery and reduce disparities in access, service utilization, and outcomes.
- Increased availability and utilization of evidence-based practices to promote positive youth and family outcomes.
- Increased community, provider and stakeholder accountability to youth and families served across multiple agencies and programs.
- Increased number of and access to local family advocacy and peer support groups and programs.
- Integrated approach to mental illness, substance abuse, prevention, early identification and intervention services and programs.
- Increased evidence of trauma-informed care and support of youth and families seeking assistance.
- Increased evidence of SOC philosophy and principles blended into the community's care, treatment and support of youth and families seeking services.
- Promotion of the sharing, blending or braiding of community and state resources that will support youth-directed and family-driven services and supports within the community.
